Youth Group Meeting

Sunday April 21

4-5 pm @ Eastside Community Center

April Overview

Our names are Matthew and Taylor Mansoor and we have been appointed as the new youth group leaders here at St. Paul's Lutheran Church. We are so excited that the church has presented us with such an amazing opportunity to positively impact the lives of the youth within this community.

Matthew is a student at Vance Air Force Base and Taylor is a pediatric nurse out in Oklahoma City. Both of us have experience as mentors to the youth of our previous community and each attended youth group during our own junior and high school years.

Our goal is to encourage more students to attend youth group on a regular basis and make it both a fun and educational experience. We also hope to serve as good examples within the Enid community as a whole and in addition to the bi-monthly bible study come up with new ways to serve throughout the community.

This month in youth group we are focusing on giving back to our community and fundraising! We are encouraging members of the congregation to let us know if they need assistance at the beginning of the spring season maintaining their gardens. In addition we will be fundraising for Camp Lutheroma for the upcoming summer. We appreciate your support!

Fellowship

This month we would like to encourage the community and our youth to invite more students to youth group! Anyone grades 6-12 are welcome to come learn more about the Lutheran Faith and participate in fellowship with other students their age!
